SUPPLIER RISK WATCHLIST — LOWEST 4 SCORES

SUP004
HIGH RISK · weakest: delivery

41.5
Score · 73% on time · 5.1% defects

Launch a delivery-recovery plan; review missed commitments weekly.

SUP009
HIGH RISK · weakest: delivery

46.8
Score · 76% on time · 4.3% defects

Launch a delivery-recovery plan; review missed commitments weekly.

SUP018
HIGH RISK · weakest: delivery

47.6
Score · 75% on time · 1.4% defects

Launch a delivery-recovery plan; review missed commitments weekly.

SUP011
WATCHLIST · weakest: delivery

52.5
Score · 76% on time · 2.3% defects

Launch a delivery-recovery plan; review missed commitments weekly.

EXECUTIVE RECOMMENDATIONS

1	**DELIVERY RELIABILITY** SUP004: 72.6% OTD | SUP018: 75.5% OTD Implement supplier corrective-action plans; track monthly delivery performance.	HIGH
2	**OPERATIONAL EXPOSURE** Watchlist + High Risk: 31.6% of spend | overdue open orders INR 41.2M Review operational risks and quality controls; assess continuity alternatives.	HIGH
3	**COST OPTIMIZATION** SUP002: +11.0% versus standard cost Audit material-level price differences and assess negotiation opportunities.	MEDIUM
4	**SPEND CONCENTRATION** Top 3 suppliers: 26.7% of spend; 12 of 19 suppliers are Class A (fragmented base) Fragmented spend = consolidation / volume-leverage opportunity; dual-source critical materials.	MEDIUM
5	**KPI GOVERNANCE** Composite normalised; rankings stable under reweighting (rank correlation ≥ 0.97) Always read the composite alongside component KPIs, data coverage and exposure.	MEDIUM
